PROFESSIONAL SUMMARY

Junior Frontend Developer with hands-on experience building fast, accessible, and responsive web applications using React.js and Next.js. Strong in performance optimization, clean code practices, and **collaboration, problem-solving, and adaptability** within Agile (Scrum) teams to deliver scalable solutions.

EXPERIENCE

- **Frontend Developer (Intern)** — Elevate Tech 2024 - 2025
Worked on real production-level projects using React.js and Next.js within an Agile team environment.
Key Contributions:
 - Developed responsive and accessible UI components using React, Next.js, Tailwind CSS, and Shadcn UI.
 - Implemented secure authentication and role-based access using NextAuth.js.
 - Built type-safe forms using React Hook Form and Zod.
 - Collaborated with backend and UI/UX teams using Jira and GitHub, demonstrating strong **communication and problem-solving skills**.
 - Contributed to code reviews, performance improvements, and deployment over Vercel, improving page load times by 25%.

EDUCATION

- **B.Sc. in Computer Science** — Faculty of Computers and Artificial Intelligence, Helwan University | Graduated 2025 | GPA: 2.83 (Very Good)
Relevant Coursework: Algorithms, Object-Oriented Programming, DBMS, Software Engineering

TECHNICAL SKILLS

- **Frontend:** React.js, Next.js, JavaScript (ES6+), TypeScript, HTML5, CSS3
- **State Management:** Redux Toolkit, Context API, TanStack Query (React Query)
- **Form Handling:** Formik, React Hook Form, Yup, Zod
- **UI & Styling:** Tailwind CSS, Bootstrap, Shadcn UI, Responsive Design
- **Tools & Platforms:** Git, GitHub, GitHub Actions, VS Code, Chrome DevTools, Vercel, Jira
- **APIs, Auth & Intl:** RESTful APIs, Axios, NextAuth.js, Next-Intl

PROJECTS

- **Flower App** — Full-Featured E-Commerce Platform [Code]
Developed a production-ready e-commerce application using Next.js 14 and TypeScript in an Agile team. • Implemented authentication, role-based access, shopping cart, order management, and admin dashboard features. • Built a multilingual (EN/AR), dark-mode UI with advanced search and filtering. • Optimized performance with image optimization and React Query, serving 300+ users.
- **Fitness App** — AI-Powered Fitness Web Application [Code]
Developed a scalable fitness platform using React and TypeScript. • Integrated an AI chatbot for personalized workout and meal recommendations for 500+ users. • Built a fast, responsive UI using React Query, Tailwind CSS, shadcn/ui, and type-safe forms with React Hook Form and Zod.

- **Fresh-Cart** — E-commerce Platform [\[Code\]](#) | [\[Demo\]](#)
Built a client-side e-commerce application with React and React Router DOM. • Managed global state using Context API and integrated REST APIs with Axios and Formik/Yup, handling 100+ products efficiently.
- **Online Exam** — Authenticated Examination System [\[Code\]](#)
Engineered a secure, type-safe exam portal using Next.js and TypeScript with two user roles and 10+ protected routes, supporting 200+ students. • Implemented exam workflows using React Hook Form and Zod.

CERTIFICATIONS & TRAINING

- Next.js Training Program — Elevate Tech (2025)
- Front-end Intensive Program – ITI (2024)
- Frontend Diploma (React.js) — Route Academy (2023)
